COOPERATIVA GESTIONE
TRASPORTI ALUNNI SCUOLA
EUROPEA VARESE

Varese, 12 November 2026

TO THE PARENTS OF PUPILS OF EUROPEAN SCHOOL

Ref.: procedure in case of snow or ice.

The Cooperativa Trasporti and the Headmaster of the School wish to inform you of the following:

1. **"Snow/ice during the night may cause a delay in the bus service"**
   The pupils are requested to wait at the bus stop for up to half an hour, after which they may return home for the rest of the day.
   The buses may not be able to reach a few bus stops, in which case parents are requested to take their children to the nearest accessible stop.

2. **"In case of snowfalls or ice during the night the bus companies responsible for the transport may declare themselves unable to carry out the service"**
   Consequently, the Headmaster of the School after consulting the Cooperativa Trasporti may decide to close the school for the whole day.
   In the event of prolonged closure, starting from the 2nd day of closure, the School will activate distance learning according to the modalities set out in the "snow dossier".

   To receive confirmation of closure of the school, parents may, from 7:00 a.m. access the website of the school:

   www.eurscva.eu

   In case there is no indication that the school is closed, this means that the School is open.

   The school community is invited to consult the website of the school from 7:00 a.m.

3. **Parents who bring their children to school themselves** are begged to use only means of transport that are adequately equipped, not to block Via Montello and to follow the instructions given to them.
   Disciplined execution of the above will avoid delays for everyone.

Thanking you for your understanding and cooperation,

The School Headmaster

Z. Grdan

Zdravko Grdan

The President

F. Scabini

Fabrizio Scabini
